If calling from the Navy Lodge, you have to dial 88 to get an outside line and then dial area code" 046" for Yokosuka, Hayama, Zushi and Miura areas.
From a cell phone, dial the area code and number but from a pay phone within the local area, you don't need to dial the area code. The numbers for the Yokohama agencies already have the area code attached.

Please note that someone who does not speak English may answer the phone and try to tell you the English-speaking representative is busy or out of the office, etc.

This list may change without notice due to employees leaving or changing jobs within the company.
